## FROM THE DESK OF THE ORGANIZING COMMITTEE

"The best way to find yourself is to lose yourself in the service of others."

- **Mahatma Gandhi**

Warm greetings from the JIC Organizing Committee!

It gives us immense pleasure to invite you once again to be a part of the 22nd Joint International Conference - JIC 2026, scheduled from January 9th to 11th, 2026, in the ever-evolving city of Ahmedabad. Visit: [www.jicindia.org](http://www.jicindia.org)

Over the past two decades, JIC has grown from a scientific meeting into a movement - one that fosters ideas, nurtures talent and celebrates innovation in healthcare. Each year, your presence and contributions bring renewed energy to this platform, and we are excited to continue this journey together.

JIC 2026 will feature renowned international speakers and global thought leaders, offering a dynamic platform for scientific exchange, interactive learning, and cross-disciplinary dialogue. It will be a space to learn, question, and collaborate - pushing boundaries for a healthier tomorrow.

Ahmedabad, with its blend of tradition and modernity, sets the perfect backdrop for this exchange. From centuries-old stepwells to cutting-edge institutions, the city offers much to explore and experience beyond the conference hall.

Join us in making JIC 2026 another chapter of impact, insight and inspiration.

With warm regards,

### Organizing Committee – JIC 2026

## FROM THE DESK OF THE FOUNDING MEMBER, MANAGING DIRECTOR & GROUP CEO

Over the last 21 years, the Joint International Conference (JIC) has established itself as a premier academic forum that goes beyond knowledge-sharing to shaping the future of clinical practice. Each edition has strengthened our collective resolve to create a space where science, innovation, and collaboration converge. What began as a scientific exchange has grown into a platform that nurtures learning, mentorship, and professional growth for practitioners and students alike.

The success of previous editions has reaffirmed the importance of bringing together diverse perspectives—from emerging clinicians to globally acclaimed experts. Across past editions, JIC has hosted eminent international faculty from leading global institutions, bringing with them new-age science, evidence-based protocols, and real-world implementation insights. Their contributions have helped our community benchmark against global standards and best practices, and translate those learnings to improved patient outcomes in our settings.

Every year, JIC sees participation in the thousands. With prominent national and international guests, the conference has become one of the most sought-after and widely anticipated academic gatherings in the country—an annual meeting point for clinicians, researchers, educators, and students who are committed to clinical excellence.

Over three days, you will experience insightful workshops and symposia spanning the full spectrum of medicine—including ICU case discussions, pulmonary and critical care, infectious diseases updates, grey zones in acute stroke, oncology updates, haematology in day-to-day practice, anti-obesity therapeutics, rheumatology case challenges, diabetes and metabolism, and more. These interactive formats are designed to ensure that every participant engages with evidence-based insights and practical, standards-aligned approaches that can be implemented at the bedside.

JIC continues to be a convergence point for international faculty, leading academicians, and practicing clinicians—a true ecosystem where knowledge is shared, global perspectives are exchanged, and best practices are adapted for local realities. It is this collaborative spirit that makes JIC an impactful platform, year after year.

I welcome you to yet another thought-provoking season of JIC and look forward to your active participation in shaping the dialogue for better healthcare outcomes.
